

REMARKS

In the subject Office Communication, the Examiner states that the previous "Sequence Listing" in computer readable form did not comply with the requirements of Sections 1.821-1.825 for the stated reason that "[n]o sequence listing has been filed for the amino acid sequence disclosed in the specification, page 25, line 2-3 of section [0082]." Accordingly, in response, Applicants submit herewith a substitute paper copy and computer readable copy of the Sequence Listing that corrects the defect noted. *No new matter has been added to the substitute Sequence Listing.*

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 12-0080, under Order No. RUJ-001CNCP2.
